

Class-Action Complaint

I, Anthony J. Windisch, testify to file a "Class-Action Whistleblower Complaint" against the Office of Special Counsel. I act for 945 Whistleblowers, including myself, who were surveyed by the General Accountability Office (GAO) for report GAO/GGD-94-21. This report headline recommends, "WHISTLEBLOWER PROTECTION - Reasons For Whistleblower Complainants' Dissatisfaction Needs to Be Explored...".

My Complaint about "COMPUTER MISMANAGEMENT" was verified by report GAO/IMTEC-92-9, "ADP Modernization - Half-Billion Dollar FmHA Effect Lacks Adequate Planning and Oversight..."

Financial Mismanagement is verified by report GAO/OCG-93-4TR. "...Widespread financial management weaknesses are crippling the ability of our leaders to effectively run the federal government..."

And a "NATIONAL COMPUTER SECURITY CRISIS is reported in GAO/T-AIMD-00-181. "...almost every federal agency has poor computer security ... Hostile nations or terrorists could use cyber-based tools and techniques to disrupt military operations, communication networks, and other information systems or networks..."

The General Accountability Office (GAO) has issued and continues to issue dozens of GAO reports that are critical about the operation of most federal agencies. AND UNFORTUNATELY, "...GAO does not have legal authority to sue to enforce its recommendations..."
